

UR-A-Fill - A

Product identifier	UR-A-Fill - A	
Other Means of	N. A	
Identification		
Recommended Use	Polyurethane adhesive	
Restrictions on Use	Unknown	
Supplier Identifier	PA Epoxy	

Product Identifier: UR-A-Fill - A

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337 + P313 If eye irritation persists: Get medical advice/attention. P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. P333 + P313 If skin irritation or rash occurs: Get medical advice/attention. P308 + P313 If exposed or concerned: Get medical advice/attention. P362 + P364 Take off contaminated clothing and wash before reuse. P370 + P378 In case of fire: Use foam, dry chemical, water spray or carbon dioxide (CO2) to extinguish P403 + P235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container into safe container in accordance with local, regional or national regulations.

Other Hazards: Unknown

Chemical Name	CAS No.	% concentration	
Heavy aromatic solvent naphtha, petroleum	64742-94-5	40-60 %	
Tetrahydroxypropylethylendiamine	102-60-3	40-60%	

SECTION 4. FIRST-AID MEASURES

First-aid Measures

Inhalation:

IF INHALED: Remove from further exposure. For those providing assistance, avoid exposure to yourself or others. Use adequate respiratory protection. If respiratory irritation, dizziness, nausea, or unconsciousness occurs, seek immediate medical assistance. If breathing has stopped, assist ventilation with a mechanical device or use mouth-to mouth resuscitation.

Skin Contact:

Flush with soap and water for a minimum of 15 minutes. Consult a physician if irritation persists or you feel unwell.

Eye Contact:

Rinse immediately with plenty of water for at least 15 minutes. Consult a physician. **Ingestion**:

Rinse mouth and then drink plenty of water. Do not induce vomiting. Never induce vomiting or give anything by mouth if the victim is unconscious or having convulsions. Immediate medical attention required.

Most Important Symptoms and Effects, Acute and Delayed

If inhaled:

May cause allergy or asthma symptoms or breathing difficulties if inhaled.

If on skin:

Harmful if in contact with the skin. Causes skin irritation. Exposure may produce an allergic reaction

If in eyes:

Causes serious eye damage.

If Ingested:

Ingestion is likely to be harmful or have adverse effects

Immediate Medical Attention and Special Treatment:

Special Instructions:

If a physician or medical attention is required, have product container or label at hand.

SECTION 5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media

In case of fire: water fog, foam, dry chemical powder, carbon dioxide (CO2) **Unsuitable Extinguishing Media**

Do not use water jet as it might spread flame.

Specific Hazards Arising from the Product

During fire, nitrous gases, fumes/smoke, isocyanates and vapour may be formed. Combustion products may include: acidic hydrogen chloride & hydrogen fluoride, carbon oxide, hydrocarbons, nitrogen oxides and smoke.

Special Protective Equipment and Precautions for Fire-fighters

Flammable. Evacuate area. If a leak or spill has not ignited, use water spray to disperse the vapors and to protect personnel attempting to stop a leak. Prevent runoff from fire control or dilution from entering streams, sewers, or drinking water supply. Use water spray to cool fire exposed surfaces and to protect personnel. Self-contained breathing apparatus and turn-out gear must be worn in case of fire.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

As a general precaution, take personal precaution not to breath gas, vapors, or dusts. Do not get in eyes, on skin or clothing.

Use appropriate personal protection equipment. In the event of an emergency, evacuate any unnecessary personnel.

As an environmental precaution, prevent spillage to sewers, public waters, and do not penetrate ground/soil.

Methods and Materials for Containment and Clean up

For containment, ensure adequate ventilation and absorb any spill with inert liquid binding material and dispose of waste safely.

SECTION 7. HANDLING AND STORAGE

Precautions for Safe Handling

Handle in accordance to good industrial hygiene and safety procedures. Wear respiratory protection when handling. Avoid body contact of containers or contents unless wearing appropriate personal protective equipment. Wear respiratory protection when handling. Avoid release into the environment.

Conditions for Safe Storage

Store in cool dry and well-ventilated place. Keep stored in accordance with local, regional, national, and international regulations. Store away from incapable materials.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION Control Parameters

All protective clothing should be appropriately clean and available to dress into before work. The engineering measures or controls and PPE recommendations are only guidelines and may not apply to every situation.

Data not available. For additional information, please consult the corresponding requirements under http://www.ccohs.ca/topics/hazards/chemical/chemicals/

	ACGIH [®] TLV [®]		OSHA PEL		AIHA [®] WEEL [®]	
Chemical Name	TWA	STEL [C]	TWA	Ceiling	8-hr TWA	Short-term

Appropriate Engineering Controls

Local exhaust ventilation required. Make up air should be supplied to balance air that is removed by local or general exhaust ventilation. Provide sufficient ventilation to keep vapors below permissible exposure limit. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure all national / local regulations are observed.

Individual Protection Measures

General Measures

Do not eat, drink or smoke during work. Avoid all contact with skin or eye. If clothing comes into contact with material, do not allow out of the workplace. Clean hands and any exposed skin thoroughly after work and before breaks.

Eye / Face Protection

Use tightly sealed goggles or safety glasses with side shields which are resistant to Chemicals.

Skin Protection

Wear chemical resistant protection gloves. Wear impervious clothing as necessary to protect against coming in contact with product.

Respiratory Protection

If insufficient ventilation, wear respiratory protection.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES		
Appearance	Black Liquid	
Odor	Not available	
Odor threshold	Not available	
рН	Not available	
Melting Point	Not available	
Initial Boiling Point / Range	Not available	
Flash point	Not available	
Evaporation rate	Not available	
Flammability(solid; gas)	Not available	

Product Identifier: UR-A-Fill - A

Lower flammable/explosive limit	Not available
Upper flammable/explosive limit	Not available
Vapor pressure	Not available
Vapor density	Not available
Specific gravity	0.95
Solubility	Insoluble
Partition coefficient – n- Octanol/water	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available
Viscosity	Not available

SECTION 10. STABILITY AND REACTIVITY	
Reactivity	Non-reactive
Chemical stability	Stable under recommended handling and storage conditions
Possibility of Hazardous reactions	Risk of bursting. Reacts with alcohols. Reacts with acids. Reacts with alkalies. Reacts with amines. Risk of exothermic reaction.
Conditions to avoid	Keep away from heat, sparks and open flame. Avoid high temperatures. Avoid contact with incompatible materials.
Incompatible materials	Water, amines, substances that react to polyurea
Hazardous decomposition products	unknown

SECTION 11. TOXICOLOGY INFORMATION

SECTION 11. TOXICOLOGY INFORMATION
Likely Routes of Administration
Inhalation, skin contact, eye contact, ingestion.
Acute Toxicity
Oral: Harmful if swallowed.
Dermal: Harmful in contact with skin.
LD50 and LC50 Data
Not available
Skin Corrosion/Irritation
Causes skin irritation.
Serious Eye Damage/ Irritation
Causes serious eye damage
STOT (Specific Target Organ Toxicity) – Single Exposure Inhalation
May cause allergy or asthma symptoms or breathing difficulties if inhaled.
Aspiration Hazard
Not classified based on available data.
STOT(Specific Target Organ Toxicity) – Repeated Exposure
Skin, eyes, central nervous system, respiratory system
Respiratory and/or Skin Sensitization
May irritate mucous membranes, eyes, nose, and respiratory passages. May cause
asthma attack to persons with pre-existing bronchial hyper reactivity. Exposure to high
concentrations may lead to bronchitis, bronchial spasm and pulmonary oedema.

 Effects are usually reversible. May cause C.N.S. depression with symptoms of nausea, light-headedness, drowsiness, dizziness, loss of coordination

 Carcinogenicity

 Unknown

SECTION 12. ECOLOGICAL INFORMATION

Non-hazardous to aquatic environment. This is not required by WHMIS This is not required by OSHA HCS 2012

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal Methods

Dispose of waste material in accordance with all local, regional, national, provincial, territorial and international regulations.

SECTION 14. TRANSPORT INFORMATION

DOT (U.S)

UN Number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime): UN1268; N.O.S : Petroleum distillats, CLASS 3; PG III; Yes

<u>UN Number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air):</u> UN1263; Combustible PAINT RELATED MATERIAL; CLASS 3; PG III
